Market Day
On Wednesday we had a wonderful afternoon as our year 5/6 students hosted the Frankston Primary School market day. The objective of the market was for students to work within a budget of $20 supplied by the school, and organise a market stall selling produce, and then calculate profit or loss for the day. Students were asked to work in small groups where each member shared the responsibilities required to organise stalls. On Monday and Tuesday our year 5/6 learning areas were filled with students who were busy preparing their produce for the big day. We had craftwork, cooking and planting just to name a few activities. We also had some very excited senior students on Wednesday when market day finally arrived. I would like to congratulate all of our students on a sensational effort. Each stall was terrific and the rest of the school loved the opportunity to purchase the crafts and delicious treats that were available. Thank you to our many parents who supported the market by either giving your child some money to spend or by attending on the day. Our students were delighted when their stalls sold out and as for me I enjoyed eating my way through the market. Well done to the teachers in our Year 5/6 team for developing such a wonderful learning activity for our students and a special thanks to all of our staff that pitched in to help make the day so successful.

Our 5/6 students should be very proud of their efforts as overall they made approximately $1100 profit on the day. What a wonderful contribution to the school’s fundraising efforts.

The Christmas Concert
Due to the yearly success of our Junior School Christmas Concerts, planning has started for our end of year ‘WHOLE SCHOOL Christmas Concert.’ This year we are holding a whole school concert on the oval with the “Sound Shell” truck. The night will start with a BBQ dinner for all of our families followed by an evening of Christmas Carol entertainment. The Christmas Concert will be held on Thursday 8th December, so please write this date down in your diaries or on your calendars so that you don’t forget.

Prep Enrolments
We are continuing to conduct Prep tours for our prep parents and students for 2017. We have already had quite a number of tours for our 2017 preps and have quite a few enrolments for next year. If you are contemplating enrolling your child at Frankston Primary School please phone the school on 9783 3769 to make an appointment. We would love to meet you and show you around our fabulous school. If you have had a tour and are yet to submit your enrolment form, we would appreciate this being completed as soon as possible so that we can begin our planning for 2017. We offer our preps an excellent education in our Prep Early Learning Centre where we have an experienced and dedicated team of teachers. We will be conducting our Prep Transition Program next term and we look forward to meeting all of our new students once again as they learn about our school and the routines.

Holidays
I hope all of our families have a nice holiday. I know that kids appreciate the simple things like going to the local park, or just having a walk along the beach. Perhaps a train ride to Mordialloc where there is lots to see and do, this could be a fun day out. Whatever you do during the holiday break make sure you are all safe and we look forward to seeing you back at school on Monday 3rd of October for the final term of the 2016 school year.

Early dismissal tomorrow and ALL students finish school at 2:30pm!

Happy Holidays
Morry Rubinstein(Principal)
