RATIONALE

Building pride and confidence in government schools is a key focus of the Education State agenda. The Annual Report to the School Community is an opportunity for the school council to share the year's achievements, milestones, and improvements. It is also an opportunity to reflect on the school's performance and understand where and how the improvement agenda has impacted student outcomes.

The preparation and publication of an Annual Report to the School Community is a legislative and regulatory requirement for all Government schools under the *Education and Training Reform Act 2006* and the *National Education Agreement 2008*.

AIM

To provide open communication to our parent body and wider community in relation to our school performance.

IMPLEMENTATION

1. Data presented in the Annual Report will outline our school's accomplishments in the key areas of:

The Parent and staff survey results will reflect our community's satisfaction with the quality of schooling and acceptance of our school's vision and values.

The Student Attitudes to School survey results reflect our Grade 4 – 6 students' connectedness to their education and our school's commitment to providing a safe and challenging learning environment.

Teacher judgments of expected student achievement against the Victorian Curriculum F-10 in English and Mathematics and NAPLAN data demonstrate our school's academic achievements compared to other schools' performance.

Student attendance data is reported to demonstrate the level of student engagement.
