School Council Annual Report Meeting

Annual Reporting Meeting to the Community is scheduled for Tuesday 12th August 7pm. All welcome. Please RSVP via school email - frankston.ps@education.vic.gov.au if you would like to attend.

Prep 2026 Enrolments Due

Reminder that if you have a child commencing Prep next year in 2026 - completed enrolment forms are due to our office Friday 25th July.

If you require enrolment forms, please contact our office and we will support you in accessing these. We look forward to welcoming all of our new young siblings into their first year of school at FPS!

Church Car Park

Our local church has made contact with us requesting just a reminder to our parent and carer community - all welcome in the church car park for short-term parking (drop off and pick up). For longer-term parking needs, please locate alternate car parking.

Thank you everyone for helping our local church out with this - it is great that they enable us to use it.

Indigenous Perspectives within our Learning

Aboriginal and Torres Strait Islander cultures are the oldest, continuous cultures in the world, having existed in Australia for at least 50,000 years.

The uniqueness of these cultures and the wisdom and knowledge embedded in them are things to be highly valued by all Victorians.

The Victorian Curriculum includes the knowledge and skills students are expected to develop about Aboriginal and Torres Strait Islanders histories and cultures, given their particular and enduring importance.

All teachers must follow the relevant protocols when teaching Aboriginal and Torres Strait Islander histories and cultures. The protocols provide guidelines about how to protect the integrity of Aboriginal and Torres Strait Islander cultural expressions and enable all Victorian teachers and students to engage respectfully and feel connected to this identity.

Aboriginal perspectives within the Victorian Curriculum are woven within and across:

- Literacy and Mathematics
- Physical Education and the Arts
- Science, History, Geography, Civics and Citizenship, Design and Technology

Recent Activities

Bush Tucker Workshop - we were recently lucky to be selected as a local school for a group of students to participate in a bush tucker workshop which introduced students to types of flora around local Bunurong country, the features of the flora and how these can be incorporated into cooking for taste and wellbeing purposes.

All of our students were thoroughly engaged learning about this local Aboriginal cultural knowledge - and we were also very happy to be able to taste test!

Have a safe long weekend everyone!

See you Tuesday!

Renée Kennedy.

The first Positive Parenting Workshop, focusing on Building Self Esteem and Resilience, was a great start to our series of workshops that we are providing in partnership with Parent zone Anglicare.

The small group, conversational style sessions provide a great space for parents to come together and have productive discussions around raising children.

Feedback from two of the parents who attended the session included;

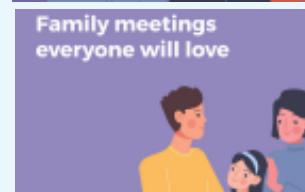

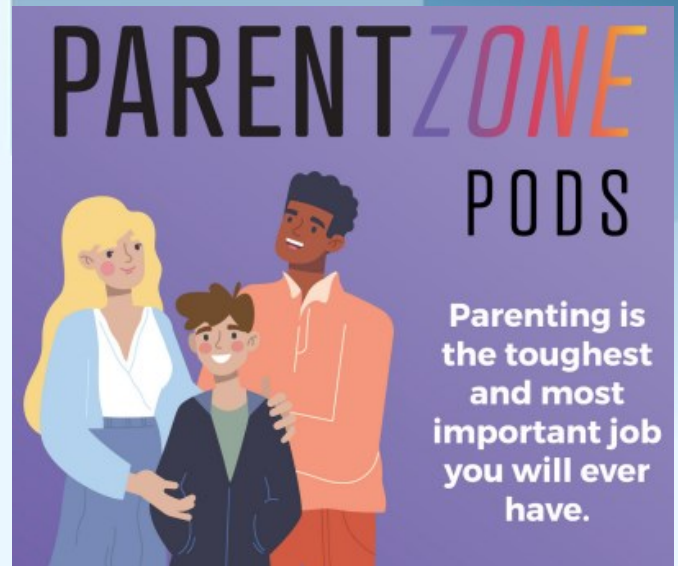

"Lots of good discussions happened" (in the session as well as the session provided) "good practical tips".

Join us for the next workshop focusing on Setting Positive Rules and Consequences on Tuesday 3rd June in the Green Room from 9-10am.

Resilience, Rights and Respectful Relationships

Frankston Primary School is a proud Respectful Relationships school. We teach our students the importance of 'respectful relationships' and how to foster and maintain these utilising the Respectful Relationships education, which is part of the Victorian Curriculum and delivered by all Victorian government schools.

RESPECTFUL RELATIONSHIPS

THE EDUCATION STATE

VICTORIA
Education and Training

The Respectful Relationships initiative came out of the Royal Commission into family violence, with research telling us that providing respectful relationships education at school can lead to positive impacts on our students' academic outcomes, their mental health, classroom behaviour and relationships. It supports students to develop the knowledge, attitudes and skills needed for respectful relationships and helps to build respect and equality across the entire school community.

Our school uses the Department of Education's evidence-based teaching and learning resources to teach our students about Respectful Relationships from Foundation to Year 6. The Resilience, Rights and Respectful Relationships resources have 8 topics that teach students about emotional literacy, personal and cultural strengths, resilience, problem-solving, stress-management, help-seeking, gender norms and stereotypes and positive gender relations.

This semester we have worked on Topics 1 and 2, Emotional Literacy and Personal and Cultural Strengths to help students learn how to recognise and manage emotions throughout the day, as well as identifying their own strength and that of their cultures. Some of the activities the students have engaged in include

- In Foundation, playing games to teach emotions such as Mirror Mirror on the Wall, how are you feeling overall? And cooperative games like the Magpie Game where they work together to find objects, recognising and building on their personal strengths and how these contribute to working as a team.

- In Years 1 and 2, students recognised and drew different emotions. They used scenarios to discuss how they can be good friends, for example: *"Kristin had a bad day. Her friends said, 'We don't like you. Your hair looks funny. You can't play with us'. They role-played the scenario and discussed the feelings and emotions associated with them."*

- In Years 3 and 4 the students delved deeper into emotions discussing more complex emotions and identifying how these might appear for them in different situations. For example how would they feel if they scored the winning goal at netball or how they would feel if their brother borrowed a toy and broke it. They also looked at everyday strengths such as being kind, fair, funny, brave, forgiving, curious to learn, generous and brave and discussed how much we use these strengths in their everyday life.

- The 5/6s learnt how emotions may be interpreted through body language. In small groups they role-played different emotions and guessed the emotion that matches the body language of the role player. They recognised the highs and lows of emotions, including positive, negative and mixed emotions and discussed when people may experience these types of emotions. We are excited to advise that we are currently reviewing our work in this area to include related work including our school values, and explicit focus on anti-bullying and anti-racism learning – we look forward to sharing further information about this work with our community shortly.

3-6 Swimming Program

In Week 7, all students across Years 3-6 had an absolute blast at their swimming lessons at PARC.

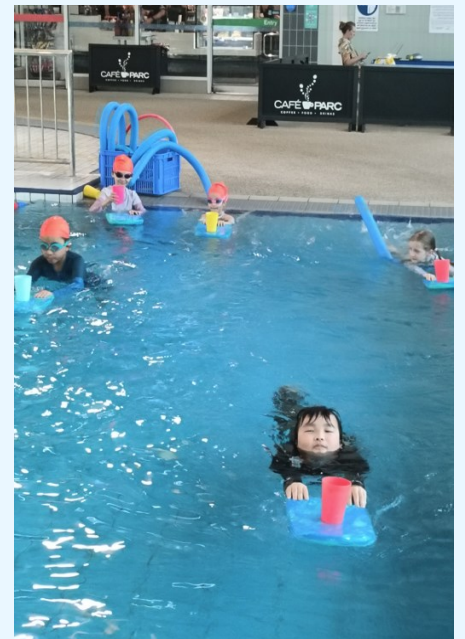

Students practised swimming skills and safety at their assessed ability levels and had a fantastic time in the water, splashing and diving with their friends. They were all even brave enough to jump in the water fully clothed, practicing real life safety skills in a fun and practical way. We had an amazing week of swimming and are already looking forward to having another go next year!

A heartfelt thank you to all the parent and carer helpers, teachers and our wonderful education support staff for your time and support through the swimming week.

A special thanks also goes to Ms Drake and Ms Lynch for their incredible efforts behind the scenes in ensuring a fantastic swimming program for all!

Team Tenacity

Congratulations to Our Aerobics Team – TENACITY!

We are incredibly proud to announce that our school aerobics team, TENACITY, has achieved an outstanding 2nd place at the Victorian State Championships! Their dedication, teamwork, and persistence truly lived up to their name.

Next stop: the Australian National Championships in August! We know they will continue to shine on the national stage, and we wish them all the very best as they prepare to compete against the best teams from across the country.

Good luck, TENACITY

SRC Leadership Day

SRC Leadership Day – Big Hearts with Big Ideas!

On May 13th, our 2025 SRC Team came together for a full day of leadership development and planning with Mrs Drake and Mrs Rankin. It was a busy and productive day filled with teamwork, reflection and big ideas for the year ahead.

We explored the role of the SRC and discussed what it truly means to be a good leader. We even imagined what changes we would make if we were Mrs Kennedy, all with the goal of making our school an even better place for students.

Our team brainstormed fun ideas for Lunchtime Clubs, talked about ways to strengthen student voice, and began planning for important events and other special days throughout the year.

Library News

Thank you to all the families who supported our recent Book Fair. We are excited to share that a big thank you for all of your contributions as we were able to add approximately \$450 worth of new books to our library collection. Some of the most popular titles from the Fair will soon be available on our library shelves and ready for borrowing!

Spotlight on Performing Arts

We were fortunate to have been contacted by Stage School Australia and offered a free Musical Theatre workshop! Our lucky 5/6 students got to take part in a variety of movement warmups where they were required to use their performing skills to transport their bodies into different imaginary locations. Many laughs were had as we visited the beach and the moon.

Our lovely leaders from Stage School Australia – Ivy, Reuben and Rhea – took us through the steps to learning the lyrics and moves to The Greatest Showman's 'This is the Greatest Show'. Students practised and performed in small groups, and showed great passion, enjoyment and pizzazz.

A big thank you to Ivy, Reuben and Rhea. We hope to see you again when we do Performing Arts in semester 2.
